This chauvinism, Stalin asserted, was very dangerous because it engendered non-Russian nationalism in the 34 Periphery and center borderlands.

Genetic population

So, the Soviet authors who wrote about interethnic families alleged that the Soviet person in the foundation of the Soviet cultural scenario lacks traditions of the past that were related to negative phenomena. In the 1970 census an additional 42 million inhabitants of the USSR named Russian as a second language, in which they were fluent.

Soviet Nationality Policy, Urban Growth, and Identity Change in the Ukrainian SSR 1923

Некоторые представители семей с финской родословной стали идентифицировать себя как финны. It seems that such a common existential experience was the ominous Great Patriotic War, and a victory in it was an energetic positive impetus for the formation of a new Soviet scenario.
