## **Birds of Europe with North Africa and the Middle East by Lars Jonsson**

This book will give great aesthetic pleasure long before and after one gets it into the field. As an example, Sardinian Warbler can be seen around the coast of the Mediterranean but may not appear in a British field guide. I received this 1992 revised edition to complete my library and you can get this second hand very cheaply; however if you're serious, then I suggest splashing out a bit more for a modern guide like the Collins or Wildguides.

## **Birds of Europe with North Africa and the Middle East**

If however, like me, you want a good and reliable field guide, then this is the best. It can be said that the photo is the true representation of the bird and others that say that the painting is composed of several images and skins and can show more of the subtleties.

## **Birds of Europe with North Africa and the Middle East**

Published eight times a year, British Wildlife bridges the gap between popular writing and scientific literature through a combination of long-form articles, regular columns and reports, book reviews and letters.

**Birds of Europe : With North Africa and the Middle East (Helm Field Guides): Jonsson, Lars: 9780713652581: vip.stumagz.com: Books**

This guide has over 400 color illustrations, including 140 completely new plates, up-to-date color maps, and a fully revised text.

## **Birds of Europe with North Africa and the Middle East by Lars Jonsson**

He is director of the Centre de Recherches sur la Biologie des Populations d'Oiseaux CRBPO , and serves on the editorial board of France's

premier bird-study journal, Ornithos. The illustrations are outstanding and almost negate the need for a text. I was surprised at what a good value it is, given the outstanding quality of the artwork alone.

**Birds of Europe with North Africa and the Middle East by Lars Jonsson**

If I had a small criticism, it is that I find the way the birds are grouped can be confusing, if I don't know what I am looking for.

**Birds of Europe with North Africa and the Middle East by Lars Jonsson**

Things aren't what they used to be. This makes a most excellent gift for the corvid appreciator in your life.

**The birds of Britain and Europe: With North Africa and the Middle East: Heinzel, Hermann: 9780002192347: vip.stumagz.com: Books**

I started off with a couple of other different field guides and found them lacking.
