Preservation

Albany, NY: The University of the State of New York, The State Education Dept.

Collection Maintenance and Weeding

This discussion transitioned into classroom-based fire extinguisher training assisted by Tim Romine, IFSI Associate Field Instructor, followed by a hands-on fire extinguisher training for attendees. How should preservation be implemented in different types of institutions with different types of collections? Hours will be 10 a. Art objects, antiques and ethnographical objects are subject to natural aging and decay.

Preservation

Presenters shared case studies from their careers in Illinois as well as post-Katrina Gulf Coast. Materials receiving more lux than recommended can be placed in dark storage periodically to prolong the original appearance of the object.

Preservation Resources

On the other hand, materials must be used in order to gain any benefit from them. . ~ 23 minutes Mold in Libraries: the Problem, The Risks, and Some Solutions Forum, Newberry Library, May 10, 2013 At this workshop sponsored by the Preservation Working Group, librarians and staff learned how to identify mold in library buildings and collections, the risks that mold poses to human health and collections, and options for remediation.
