RACER

. The Moscow Racer was developed by Moscow, Russia and published by Akella company Moscow, Russia in April 2009.

RACER

At the start of what will likely be his last Tour, Dom is unceremoniously dropped from the Team he has dedicated his life to. But as he gears up to go home and to face his estranged sister, a massive doping error knocks another teammate off the Tour and Dom is thrown back in the saddle. His best mate Sonny, the team masseur, fails to reassure him about his future.

Moscow Racer

But a chance liaison with Lynn, a young Irish doctor, softens the blow, and Dom starts to accept - and even enjoy - the idea of civilian life. The game includes a number of elements of a simulator car cockpit view, detailed vehicles's specs, realistic streets.

RACER

In spite of positive expectations of worldwide media during the development stage of the game , there were no releases of the Moscow Racer outside Russia.
