Families were much larger and relied on the women to provide children to perform free manual labor on the farm in order to maintain the family income and welfare. In the late nineteenth and early twentieth centuries, an increasing number of women campaigned and demonstrated for greater rights and, in particular, the right to vote.

Women's Changing Role in Society

Such is the view of society when it came to women of the West from 1890-1920. The women included in this exhibit represent a small sampling of the women of the West who chose to create alternate lives for themselves. ADVERTISEMENTS: The woman performs the role of wife, partner, organizer, administrator, director, re-creator, disburser, economist, mother, disciplinarian, teacher, health officer, artist and queen in the family at the same time.
