## Crime Policy in Europe: Good Practices and Promising Examples

He concludes that neither neighborhood watch nor community organizing more generally reduces crime.

## Data Collection on Violence Against Women

In one systematic review and meta-analysis it was found that mentoring was more effective in reducing offending when the average duration of each contact between mentor and mentee was greater, in smaller scale studies, and when mentoring was combined with other interventions. Journal of Adolescent Health, 26: 176-186. It is more difficult to promote institutional membership in schools, since attendance is mandatory.

## Crime and Public Policy

Sports and health examinations and immunizations are often the most frequently offered services. In some models, complementary academic instruction is provided by the school.

## Conflict Theory in Criminal Justice

Component 2: Individual motivators The next step is to assess the offender for what motivates him or her on an individual basis. The evidence base here does not allow for definitive conclusions.
