The best known of those included Murakami Shigeyoshi and Takagi Hiroo.

All evidence that is available to us suggests that she is, in fact, a prisoner of conscience of the Turkish state. And these global political conditions should not be ignored when we talk about the situation. At the same time, my research suggests that the motivations underlying religious participation cannot be easily reduced to the standard rational choice model, because this would preclude an analysis of the expressive dimension of religious behaviour.

Ethnic and Religious Conflicts in India

Thus, almost from the beginning of the movement, fundamentalism has been a concept associated with religions that are perceived to be backward and potentially dangerous. And that just comes back to the religiously free Muslim majority countries out there, as well as themes from the Islamic tradition that I call Seeds of Freedom, which I can elaborate more on as well.
