As with The Tudor Constitution this article was primarily a secondary source yet it also had direct primary source documents within it.

English Catholics and the Supernatural, 1553

Culloden London: Pimlico, 1961 In the book Culloden, Prebble writes that in the aftermath of the failure of the Jacobite rebellion and its decisive battle at Culloden, the lowland scots wiped out the Catholic Highland Scot culture in order to consolidate the Scottish national identity behind the Protestant Hanoverians. He reveals that ghost stories rarely incorporated explicit doctrinal elements, and highlights the problem with the assumption among contemporary Protestants that people believed in ghosts because of the Catholic belief in purgatory, by emphasising the possibility that it might have been the other way around, i.

Catholicism and State in the British Isles

This report by a catholic agency highlights how Catholics have been affected by the post WWII decline in religiosity to the nearly the same degree as Protestants.

Catholicism and State in the British Isles

From the 16th century onward the status of parliament in Britain grew in power, while the authority of the sovereign was reduced thus making parliament the primary vehicle for legislation in the British Isles. The Peoples of the British Isles: A New History from 1688-1870.

English Catholics and the Supernatural, 1553

The book's overall purpose is to highlight the relationship between parliament and sovereign during the Tudor era. Book IV is about Public wrongs and within book IV there is a chapter that deals with offenses against God and religion and offenses that are treasonous. Laws were passed banning the kilt, and the Celtic-Catholic identity of the Highland was cleared out.
