Attached to the southern rim of this crater is Schubert N, a formation that has the appearance of two or more merged craters with a dark, -flooded floor that is elongated to the southeast. His profound love of, and identification with the Italian musical past and deliberate homage to almost forgotten composers from that past, inspired works like the charming *Antiche danze ed arie* Ancient Airs and Dances , the Concerto in the Antique Style and *Gli uccelli* The Birds. For organ in score, strings, solo violin in set.

He was an Italian Violinist. Additionally, Respighi edited many ancient chamber works for printing and performance and, interestingly, Rachmaninov , in response to Koussevitzky's suggestion, selected *Cinq Études- Tableaux* for Respighi to orchestrate.

### Respighi

It is based on by Besard, a piece for by , and lute pieces by and additional anonymous composers. A year after his burial, his remains were moved to his birthplace Bologna and reinterred at the city's expense.
