

# Geology of Canadian industrial mineral deposits.

Published by authority of the *General Committee of the Sixth Commonwealth Mining and Metallurgical Congress* - *George Simandl, Ph.D., P.Geo.*

Description: -

-

Environmental protection -- Japan -- Tokyo -- Societies, etc. --

Directories.

Nature conservation -- Japan -- Tokyo -- Societies, etc. --

Directories.

Aircraft exhaust emissions -- Environmental aspects -- Researchu.

Aircraft exhaust emissions -- Europe.

Charters.

Fur trade.

Hudsons Bay Company.

Logging -- United States -- Labor productivity

Lumbering -- United States -- Labor productivity

Český Těšín Region (Czech Republic) -- History.

Cieszyn (Województwo Śląskie, Poland) -- History.

Galicja (Poland and Ukraine) -- History.

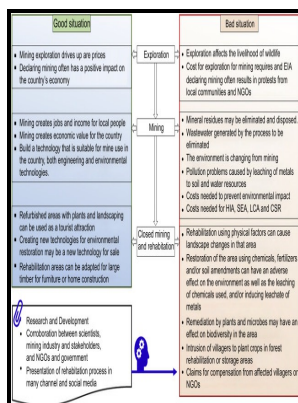

Kraków (Poland) -- History.

Mines and mineral resources -- Canada. Geology of Canadian industrial mineral deposits.

-Geology of Canadian industrial mineral deposits.

Notes: Includes bibliographies.

This edition was published in 1957
