## Community policing: a holistic approach to keeping peace

In the US community policing represents the dominant ideology of policing as reflected in a myriad of urban schemes and funding practices, the new orthodoxy in North American policing policy-making, strategies and tactic.

## Bureau of Justice Statistics (BJS)

If someone was struggling with drug addiction, for example, instead of calling the police and potentially escalating the situation, health care workers or an emergency response team could respond and get the individual the help they need. But the solution to all of these social problems should be wider than just the police, and actually a lot of preventive of work should be done across departments. Or they might install street lamps and cameras on a corner where muggings occur, without changing the neighborhood inequalities that incentivize theft.

Community Policing on the Asian Pacific Rim 5. Creating Community Policing in Northern Ireland 10. Fear of crime is often disproportionate to the reality of crime victimization.

## Community policing: a holistic approach to keeping peace

The structure of the community policing organization differs in that police assets are refocused with the goals of specific, written rules to give more creative problem-solving techniques to the police officer to provide alternatives to traditional law enforcement.

### **Community Policing**

Furthermore, a number of the strategies planned for the program were not implemented as designed and the decrease in homicides in the intervention sites was similar to the pattern state wide over the same period. The Paradigm shift In the 1980s, think tanks and criminologists proposed a range of new approaches to policing. Decentralization is important not only so that the police can become more proactive and more preventative, but also so that they can respond to problems of varying importance and severity with greater effectiveness.
