Malcom (footballer)

Throughout 1964, his conflict with the intensified, and on February 21, 1965, he was assassinated by three of its members.

Malcolm X

The autopsy identified 21 gunshot wounds to the chest, left shoulder, arms and legs, including ten buckshot wounds from the initial shotgun blast. A week later, on November 30, Malcolm X flew to the United Kingdom, and on December 3 took part in a at the Society.

Malcolm X

The name of Reid Avenue in , New York, was changed to Malcolm X Boulevard in 1985.

Urban Dictionary: Malcolm

After his journey to Mecca in 1964, he visited Africa a second time. I could not agree with either of these men, but I could see in them a capacity for leadership which I could respect, and which was just beginning to mature in judgment and statesmanship.

Malcolm (1986)

And Attallah was close to Attila the Hun, the warrior. Philosophy Except for his autobiography, Malcolm X left no published writings.

Malcolm X

He returned to the United States in late May and flew to Africa again in July. After a visit in which Reginald described the group's teachings, including the belief that white people are devils, Little concluded that every relationship he had had with whites had been tainted by dishonesty, injustice, greed, and hatred. He inspired the boxer to join the Nation, and the two became close.

Urban Dictionary: Malcolm

Just as the violation of human rights of our brothers and sisters in South Africa and Angola is an international issue and has brought the racists of South Africa and Portugal under attack from all other independent governments at the United Nations, once the miserable plight of the 22 million Afro-Americans is also lifted to the level of human rights our struggle then becomes an international issue and the direct concern of all other civilized governments.

Malco Theatres, Inc

This is the 21'st century, poorly written instruction on a piece of paper doesn't cut it.
