## HOW TO MAKE MONEY IN STOCKS A WINNING SYSTEM GOOD TIMES OR BAD WILLIAM J ONEIL

Even so this was a hard read for me because it was packed with theories and data or history to back it up. I've read a few investment books, and this is the most comprehensive system I've found for determining when EXACTLY to enter and exit positions. It seems that the community of CANSLIM's adherents and its offspring Investors Business Daily IBD have a pretty staunch following.

I enjoyed the author's strategy. Doing things the Warren Buffet Way and Buying a good company like Coca Cola to keep for 10 years. The structure is solid, though I think the charts should have been left for the end of the text.

## How to Make Money in Stocks: A Winning System in Good Times and Bad

I've gotten plenty of mileage out of my Mutual Funds after less than five. The foundation of this classic by William O'Neil is his CANSLIM framework.

You can't be rich that you just work with 8 hour job at office, find the way how to let money work for you. At the end of the day, I do believe CAN SLIM is a very interesting and systematic way to approach the market. I enjoyed his thoughts on selling, specifically keeping your losses small.
