The Pose of Knowing and the Ambivalence of Being Known

Forces of Destiny examines and reflects on one of the most fundamental questions - what is it that is unique about us as individuals? Now, that is only possible by nurturing the dialectics of difference. Star Wars Adventures has joined the festivities with an exciting weekly series of comic books that explores all corners of the Star Wars universe, showing how choices both big and small ultimately shape the destinies of beloved characters, such as Princess Leia, Rey, Padme, Ahsoka, and Hera along with your soon-to-be favorites from The Last Jedi, Rose and Paige! To be oneself must be a likely good answer.

While at Smith College, to earn an MSW, he visited the Austen Riggs Center where he was to become Director of Education a decade later and met who became a mentor early on in his career and was to be of singular influence for the next twenty years. Having said that, Safran and Muran have made a substantial and original contribution to the field, accomplishing what they set out to do: providing a theoretical rationale for the therapeutic alliance and providing a treasure trove of highly specific tools of both attitude and action stance and technique.

Christopher Bollas— Trauma and GENERA[1]

Explicit, detailed and alive in the writing, the clinical vignettes breathe off the page. The trauma is bound to reappear in the acting out, in the creative work, in the human relations, and, however, the effect of the trauma is to foster a symbolic repetition, not a symbolic elaboration. If I tried, I would most likely be fired, my triennial report would be considered insufficient.
