Drawing primarily on historicist strategies of literary criticism, the book situates the Meiji novel in relation to a range of texts from different culturally demarcated zones: the visual arts, scandal journalism, self-help books, and materials on immigration to the colonies, among others.

内田魯庵 1868

Arguing that the interactions between the two genres were not marginal occurrences but instead critical moments of literary engagement, Saito demonstrates how detective fiction provided Japanese authors with the necessary frameworks through which to examine and critique the nature and implications of Japan's literary formations and its modernizing society. Classify provides a user interface and a machine service for assigning classification numbers and subject headings. The melodramatic novels of the Meiji period generated a plethora of alternative family models that explored the myriad ways in which human beings could connect in a modernizing culture.

The search for authenticity in modern Japanese literature

Images of women were used to allegorically represent the nation itself, suffering at the hands of corrupt government, yet comprising a potent force of political righteousness. Literature emerged out of ongoing negotiations with modernizing and globalizing impulses that governed Meiji Japan 1868-1912.

Meiji bungaku kenkyū / Senuma Shigeki cho

OCLC numbers vary in length. Contrary to conventional wisdom, the Ramsey optimal monetary policy calls for lowering the policy rate in such circumstances in order to suppress capital inflows and appreciation, while accepting inflation in the nontradable sector. .

Blood of the Czars

Blood of the Czars by W.

Hiroshi Yamaguchi, *Shisāo to Hyōgen Kindai Nihon Bungakushi No Ichi Sokumen*

In the final chapters, Mertz examines the relations of these early Meiji works to the canon of modern Japanese literature, demonstrating the self-concealing nature of literary history, and questioning the role of the west as Japan's model for modernity. Here, state capitalism refers to a system where high coordination between the state, large companies and labour unions ensures economic growth Bloos development in a quasi- corporatist model.
