A Children's Bible did manage to go into really surprising directions.

Children's Bible Storybooks

The Illustrated Children's Bible is the perfect picture and storybook for young ones and an ideal first reader your children will treasure. It is not necessarily a religious novel, and much of the biblical usage becomes a message of believing in science.

Millet does well to demonstrate that a union with the land in which one does not take more than it can give is a way forward. Rife with Biblical allusions and metaphors, Millet examines generational divides and toxic social constructs in an apocalyptic novel that will certainly keep you up late eagerly reading onward. It slowed things down and it became tiring after awhile.
