The building blocks of creation from microfermis to megaparsecs : proceedings of the 1993 Theoretical Advanced Study Institute in Elementary Particle Physics, University of Colorado at Boulder, 6 June-2 July 1993 Format: Book Responsibility: editors, Stuart Raby and Terrence Walker Language: English Published: Singapore : World Scientific, c1994 Description: xi, 613 p. Summary This volume contains pedagogical lectures on the experimental and theoretical status of the standard models of particle physics and cosmology, as well as their extensions, with overall focus on the strong interplay between these two fields.

**Buidling Blocks Of Creation, The: From Microfermis To Megaparsecs**

This volume contains pedagogical lectures on the experimental and theoretical status of the standard models of particle physics and cosmology as well as their extensions, with an overall focus on the strong interplay between these two fields. This volume contains pedagogical lectures on the

experimental and theoretical status of the standard models of particle physics and cosmology as well as their extensions, with an overall focus on the strong interplay between these two fields.

**The building blocks of creation (1994 edition)**

Particle physics and cosmology are united in the standard hot big bang model. Particle physics and cosmology are united in the standard hot big bang model. .
