Western Europe in 2030: The Future Demographic

It demanded an immediate and drastic response and should be reversed, if possible.

Not so Rituparno as Roop: he wears lipstick, paints his nails, flaunts a feminine hairdo, and behaves outrageously like a woman only to make a statement, he's neither man nor woman, belonging to the third sex - a fact underscored when he cuts off his hair. Perhaps because our society shuns discussions on sexual orientation, preferences and choices despite mythological references to Chitrangada, Shikhandi and Chaitanya.

Since then, historical study and research at Carlisle has continued to expand. However, uncharacteristic flexibility on the part of the Foreign Office did allow London to continue to safeguard its interests in the sheikdom while preserving its cordial relationship with the Ruler.

Europe

Nor does history furnish straightforward and comfortable answers to contemporary questions. Recent discussion of this issue is voluminous.
