## The Rise of Anti

Comments from the senior scientific reviewers and the agencies were then used to prepare the final draft of the Report, which was then reviewed by the Office of the Assistant Secretary for Health and the Secretary, Department of Health and Human Services. As described in the eMethods in the , the method was adapted to obtain all-cause cohort life tables by sex and smoking status never, former, and current for the 1864-1980 birth cohorts.

## History of the Surgeon General's Report on Smoking and Health

The response of the tobacco industry was to introduce filtered cigarettes. The differences in premature deaths, and associated life-years gained, under observed smoking rates and those under counterfactual scenarios were used to estimate the benefits associated with tobacco control. The findings of studies on the health consequences of smoking cessation also provide evidence relevant to determining the causality of associations of active smoking with disease.

## Surgeon General's Reports on Smoking and Tobacco Use

From here, dominoes continued to fall. It was front page news and a lead story on every radio and television station in the United States and many abroad.
