How to pronounce Phaedrus

Finally, after Phaedrus swears on the plane tree that he will never recite another speech for Socrates if Socrates refuses, Socrates, covering his head, consents.

Phaedrus MD

Phaedrus believes that one of the greatest goods given is the relationship between lover and boy.

Phono

We planted our own 5 acre vineyard and built the winery and cellar door all by ourselves.

The Phaedrus

The present reader tries to present Socrates as he conceivably was: the chortling, pot-bellied ex-soldier, a flirtatious yet charismatic talker with a serious passion for Truth. If at the end of this investigation one fails to find the truth, one should adopt the best theory and cling to it like a raft, either until one dies or comes upon something sturdier.
