Sebastião Salgado's dramatic Workers photos

There has been declining rainfall, soil degradation, and dried-up waterways, likely due to the shrinking glaciers of its mountains and the degradation of its forests. All of this contributes to my work. He achieves this vision by capturing and suspending on film those decisive moments in which the elements and the spirit of a moment come together Jacopo Maria Della Valle is an Italian travel photographer who fell in love with photography at young age thanks to the influence of his father.
