John Newton, the curate of Olney and the keeper of Cowper's conscience, was one of the leaders of the Evangelicals; and Cowper's first volume of Table Talk and other poems, 1782, written under Newton's inspiration, was a series of sermons in verse, somewhat intolerant of all worldly enjoyments, such as hunting, dancing, and theaters. The original instruments would be and the guitar of the period which was akin to a , but the transcription of songs for piano has resulted in them usually being performed in classical concert or music hall styles. Beware a tongue that's smoothly hung, A heart that warmly seems to feel; That feeling heart but acts a part— 'Tis rakish art in Rob Mossgiel.
