Total Quality Management Part Five: Management Control 17.

## Solutions manual for cost management a strategic emphasis 7th edition...

UHG has identified four to five key risks in each of these categories. Thus cost management is important primarily to facilitate the strategic objective of differentiation, by providing a basis for analyzing the best methods to attain and retain the differentiation. It is likely that the firm will have to consider adding new production equipment, which will enable it to better handle the increased product complexity and variety.
