Current national bibliographies of Latin America; a state of the art study. (Book, 1971) [vip.stumagz.com]

At more than 14,000 hectares, the national park is home to the tallest mountain in the country on a clear day, you can see both the Pacific Ocean and the Caribbean Sea from its peak and an impressive active stratovolcano. In the mean time, be sure to get out to the national parks here at home for free entry through this Sunday, August 28.

South America

A wide range of subject areas are covered; from natural disasters to disease outbreaks and slavery. There also are more than 2,000 species of plants, 400 bird species including the elusive Harpy eagle and several rarely-sighted butterflies, such as the vinaceous Amazon. Please let me know if you have suggestions for improving the class.
