Bismarck, the Man and the Statesman

Following the of 1863, the House of Deputies resolved that it could no longer come to terms with Bismarck; in response, the King dissolved the Diet, accusing it of trying to obtain unconstitutional control over the ministry—which, under the Constitution, was responsible solely to the king.

Bismarck on trials; the rangefinders had not yet been installed On 6 March, Bismarck received the order to steam to Kiel. Bismarck's success in uniting the German states and maintaining peace in Europe in the last decades of the nineteenth century, however, is also a product of luck.

Bismarck man arrested on attempted murder, other charges

An interesting, albeit short book about this preeminent European leader of the late 1800s. The Pope kept control of the selection of bishops, and Catholics for the most part supported unification and most of Bismarck's policies.
