Intermediate computer skills require a moderate amount of previous computer experience, including a moderate understanding of operating systems, word processing, graphics, spreadsheets, and databases.

How to Format a Resume + Examples and Tips

There's some gentlemen here, come to eat. During his first day's march as volunteer lieutenant, he had begun to suspect the error of his ways--a brutal sixty miles' journey it was, that left his hips and legs one mass of raw soreness and soldered all his bones together. At the sound of his footsteps, War Paint woke up.
