The repeated crises in dirigiste systems are in essence crises of information since the abolition of the market leaves the central planner bereft of that economic knowledge which is required for harmony.

## Measure for Measure, Historical Background

That 'invisible hand' that co-ordinates human action under the system of natural liberty is as much a metaphor to describe how a society responds to the problem of ignorance as it is a metaphor to explain how the public good can be a product of self-regarding action. . Further, although Hayek presented his theory as an empirical one, he did not indicate under what circumstances it might be falsified.

I see in him a member of the universal Christian Church, out of which there is no salvation. Self-love, benevolence, and a limited 'reason' produced that commercial method which would generate harmony without central direction. Reader, I invite you to listen to me, while I try to bring this disputed question before you.

## Measure for Measure, Historical Background

Are your habits and characters the habits and characters of renewed creatures? He has not the Spirit of Christ. Against this rationalist explanation Menger argues that, although money can and has come about in this way, the institution can be accounted for by natural processes. It is this insight that makes a social science possible and which, in a normative sense, enables the mind to hypothetically construct the likely consequences of arresting or diverting these natural processes.

You know its privileges as far exceed those of the Jews as twilight is exceeded by noonday. He is particularly concerned that the organic view

should not be interpreted to mean that rules which have developed in an undesigned manner should necessarily be regarded as superior to made or contrived law. Something it is I would— O, my oblivion is a very Antony, 110 And I am all forgotten.

Forgetting for the moment about the ambiguous pronoun reference, and focusing only on the nature of if-then statements, we can say with certainty that what he means to say—that he has loved and is right—does not logically follow from the couplet. The honor is sacred which he talks on now, Supposing that I lacked it. But with every feeling of respect for two such good men, the question yet remains—What Scripture warrant have we for saying there are two Regenerations? Chicago: University of Chicago Press, 1958.
