Very minimal wear and tear.

### Skywalking: The Life And Films Of George Lucas, Updated Edition

It was an interesting read. All artworks in our commercial free, age-appropriate Gallery are contributed by professional and student artists as well as curated from art institutions around the world.

### 9780306809040: Skywalking: The Life And Films Of George Lucas, Updated Edition

Filled with revelations about the origins and making of American Graffiti, Star Wars, The Empire Strikes Back, Raiders of the Lost Ark, and Return of the Jedi, this only full-length biography of filmmaker and cinematic visionary George Lucas has been updated with a substantial new chapter that discusses the revamped Star Wars Trilogy Special Edition, the Star Wars prequels, the filming of the first installment, and the controversial ways in which Lucas's approach and success continue to alter the landscape of the film industry. This biography came out in the 1980's at the height of Star Wars but not many people seem to know about it. The most packed sections deal with American Graffiti and A New Hope, and again, the information is fantastic - especially the details on the two years of drafts for ANH.

### Skywalking: The Life and Films of George Lucas

I wonder how far into the future this version goes? Not just as a filmmaker but as a businessman--perhaps mostly as a businessman and general workman. I'm all for the behind the scenes stuff, especially when it's revealing, but this just feels exploitative.

### Skywalking: The Life and Films of George Lucas

Den holder sig således til filmuniverset og særligt afsnittene om tilblivelsen af Star Wars fylder naturligvis mest og er det mest interessante. A reality check for those that think filmmaking is an easy art -- business is business, after all. Lucas flourished there and immersed himself in the film making process, with an emphasis on the process.
