Works by Hallowell 1917-1974 6 boxes; 3 linear feet Series IV. Abstract A survey of articles published in the American Anthropologist over a 100-year period indicates that substantive collaboration across anthropological subfields is largely a myth - amounting to only 311 of 3,264 articles surveyed or 9.

9780803282803

This series also contains reproduction photographs and copy negatives total 27 boxes made for research purposes, along with photocopies of most of the reproduction photographs and log sheets. However, his specific contributions have had their effect not only in the area of applying of social science knowledge to practical problems, but also in the realm of culture history.
