Nepal Education System

In addition, the CTEVT also has trade schools and 118 private technical training institutes.

Education Home Secondary School, Sarlahi

They do not receive regular government grants and most of them do not have any other sustainable financial source. The curriculum is content-oriented, and the teaching emphasises rote learning. The examination and evaluation systems are traditional and ineffective in improving the quality.

Top 10 Facts About Girls' Education in Nepal

If the lack of adequate funds and resources is partly to be blamed, the lack of accountability and too much of politicization in the educational administration from the bottom to the top most hierarchy have had a crippling effect on the educational system. But a strong, efficient post primary education, in all its aspects, is essential in Nepal to make the best possible use of its manpower and resources. The OCE has been working as a recognized institution of examination under the Ministry of Education.

Higher Secondary Education

Secondary Education Secondary education takes place in 2 stages.

Nepal Education System

Issues that persist in education include poor quality and inequity in access, geographical remoteness, gender, and socioeconomic and ethnic differences. As the new Education Act, 2016/2073 has been implemented, the SLC examination will be taken place in Grade 12 as a national level examination whereas the examination of Grade 10 will be known as Secondary Education Examination S.

Nepal

Thus, schools cannot be considered a safe space for female students.

Secondary Education Examination (Nepal)

Improving female education may improve the childhood marriage rate. Secondary education in Nepal has not received high priority. Since 1990, the primary school enrollment rate has increased from 64 to 96 percent.
