I am also an open book with my clients no pun intended! What colors, layouts, fonts, and graphic elements are common in that genre? She has an MA degree in German language and literature and philosophy.

### **The Tale of Miss Spider Who Spun Her Web**

The left hand side is a before shot and you probably can't tell, but it's a ridiculously tall non functioning island. Overall, the attempt was to make the cover simple yet striking. Her patience, knowledge, experience, care and guidance were a driving force to the outcome of this book.

The Party Upstairs by Lee Conell You can almost see how much fun Stephanie Ross had when she made the cover for , which features the kind of paper dollhouse you'd imagine Wes Anderson made as a precocious child. We still are testing, and again he's not really being affected by it. Try not to use images that are frequently used by others like this one.
