Issues in heritage and culture in the Asia Pacific region — Arizona State University

It offers a chance for development and defines cultural identity. First Nations communities in Australia are key leaders and developers of regional arts and cultural organisations. Participants of the CBWNCL 2017 will explore the nature-culture linkages in sacred landscapes and the possibilities of developing comprehensive approaches that consider the cultural values of natural areas and the cultural practices of sacredness as tools for the conservation of cultural and natural heritage.

World Heritage Centre

This is not necessary if the applicant has not yet to obtain a passport.

Cultural Heritage Asia

Museums and art centres can play a key role in the development of regional PNG, and not just in economic terms. As has proved the case in Australia, the main impetus for cultural centres will be grassroots, led by artists and organisers from regional communities.

Nature

Despite a lack of infrastructure, formal cooperatives, or markets,. While it is difficult to sustain regional museums and art centres in Australia, the situation is more challenging the other side of the Coral Sea. Heritage interpretation refers to all the ways in which information is communicated to visitors to an educational, natural or recreational site, such as a museum, park or science centre.

Cultural Heritage Asia

We are analysing the various ways in which museums, heritage places, landscapes and intangible heritage practices are sites of contestation, negotiation and remembrance for nations as well as for specific community groups and individuals. A typical roadside interpretive sign for events of the American Civil War. However, short-term gains must be assessed against long-term consequences.
