### The Academic Bestiary by Richard Armour

Most of all, I did not expect to find anything on medieval cats.

#### The Cat in the Medieval Bestiary

In fact, the bestiary entry on the cat always precedes mus, the mouse, and is often associated and followed by another mouse catcher, called mustela, the weasel. I could barely hide my enthusiasm! Beasts and Birds of the Middle Ages: The Bestiary and Its Legacy. As in other places in Europe, the cat came to Denmark later than the dog.

#### The Cat in the Medieval Bestiary

In high school I envisioned college as being all preppy and somewhat New England: a cross between Animal House and and. Further Reading The body of scholarly literature on the bestiary is as vast and multifaceted as the medieval engagement with its texts and images. Others say it gets the name from capto, because it catches mice with its sharp eyes.

#### An Academic Bestiary for the Intrepid Job Seeker

Music was a wonderful piece of entertainment in the Middle Ages. On the other hand, the cats could signify the devil preying after a human sinner, the rodent, who is saved by the Eucharist.

#### The Cat in the Medieval Bestiary

Examining examples of bestiary animals scattered across various geographic locations, Strickland argued that while the map omits the Christian moralizations so central to the manuscript version of the bestiary, their spatial relationships assimilated the bestiary into a larger worldview. Woodbridge: The Boydell Press, 2006.
