Stringer Publisher: SAGE Publications ISBN: 9781544355924 Category: Social Science Page: 408 View: 840 Action Research is an invaluable guide to both novice and experienced researchers from a diversity of disciplines, backgrounds, and levels of study for understanding how action research works in real-life contexts. It argues that failures of conservation and development must be viewed systemically, and that mundane topics are no less complex than the more esoteric subjects of science. His research primarily deals with sociocultural aspects of malaria and its control, and he serves on a malaria-related Scientific Advisory Committee for the World Health Organization.

Applying Cultural Anthropology: An Introductory Reader

In this age of globalization and increased cultural intolerance, the basic messages of public anthropology are more important than ever. Applying Anthropology: An Introductory Reader is a collection of articles that provides compelling examples of applied research in all four fields of anthropology. Anthropology as Culture Critique : An Experimental P.
