European interwar economy

By the mid-1800s, the application of division of labor, use of machines in manufacture, and production of standardized parts was well established.

Poland

In the case of Greece, Aldcroft's analysis does not explain how or why the interwar Greek economy outperformed the vast majority of the European economies, including those of Britain and Canada during the crisis of the 1930s. By 1939 Hitler had shattered the continental balance of power by a concerted campaign of armed diplomatic extortion that brought most of Central Europe into his grasp.
