## Theology

Gregory of, and others; others were merely private works, which, recommended by the renown of their authors, found a wide circulation, others again went too far in their decisions and hence constrained ecclesiastical superiors either to reprehend or condemn them. Victor Summa Sententiarum and De Sacramentis Fidei, and Robert Pulleyn.

Therefore the addition of a formal caritas initialis to attrition, as the Contritionists of today demand for the validity of absolution, is superfluous, at least so far as validity is concerned. Their efforts were signalized by great intellectual power, but, at the same time, by dissociation from genuine theology, and by ignorance, or at least neglect, of the traditions of the schools.

## A Manual Of Catholic Theology

The subsequent Protestant theologians drifted away farther still from the views of tradition; Christ for them was the sage of, perhaps even the greatest of the Prophets, whose Biblical record, half myth and half history, is nothing but the expression of a popular idea of human perfection. If He acted otherwise, He would fail to be understood.

## A word about theological manuals

Dogmatic theology was the only discipline, and comprised apologetics, dogmatic and moral theology, and canon law. Nevertheless the list of the loyal contains many brilliant names, and the controversial works of those times include more than one valuable monograph.

## A Manual of Catholic Theology (2 vols.)

According to , it is only by conceiving the concursus as simultaneous that true freedom in the creature can be secured, and that the essential

holiness of the Creator can be maintained, the fact of sin notwithstanding. Alphonsus Vargas of Toledo d.

### **A Manual of Catholic Theology (2 vols.)**

After the first Council of 325 came the great period of the Fathers; after the Fourth Lateran Council 1215 the wonderful age of mature ; and after the 1545-63 the activity of later. Both of these were disciples of Scotus. From one of my former professors: Mad About Manuals In my graduate theological education, manuals of theology were only brought to my attention in order to be derided.

Baptism is our weakness's aid; the laying aside of the flesh; the attainment of the spirit; the participation of the word; the rectification of the creature; sin's deluge; the communication of light; the dispersion of darkness. Stephen, of blessed memory, prelate of the Apostolic See, assisted with the rest of his colleagues indeed, but still beyond the rest prae ceteris ; thinking it, I suppose, becoming that he should excel all the rest as much in devotion for the faith as he surpassed them in authority of place quantum loci auctoritate superabat. It enters into every action of the creature, whether necessary or free.
