## Ohio: The Mother of Presidents

And he shook hands, lots and lots of hands. Taft won only the state of Massachusetts by a small margin ; he even lost his home state of Ohio to Roosevelt. During his presidency, he goaded the Republican Party into supporting a progressive agenda.

## Divided government in the United States

Bryan's signature issue was his hatred of the gold standard, which he blamed for the Panic of 1893. Hanna used the money to pay for hundreds of surrogate speakers and 250 million pieces of campaign literature — more than three pieces each for every man, woman, and child living in America at the time.

## Divided government in the United States

The Democrats also nominated an Ohio newspaperman, Gov.

## Republican party: The Civil War and Reconstruction Years

Lincoln chose Democrat as his running mate and was easily re-elected. Following a sharp that hit early in 1938, major strikes all over the country, the and competing with each other for membership and , the Democrats were in disarray.

## These 15 GOP Senators from the Past Could Show Mitch McConnell and His Colleagues How to Do the Job

The party generally supported high tariffs to protect domestic manufacturers and sound money.
