Political divisions of Russia

In 2012, then President Dmitry Medvedev reintroduced elections for regional governors; in recent years, several of them have tried to act independently of central government policies. Many on the far left would argue that the presence of special interest groups represent a form of bourgeois democracy, in which the interests of an elite few are represented to a greater extent than the working masses. During the offensive, the rate of desertion was high and soldiers began to mutiny, with some even killing their commanding officers instead of fighting.
