Mexico City Bike and Cultural Tour (DIEGO RIVERA'S MURALS/PAPANTLA FLYERS SHOW)

Once you decide on e-assist, you can look at your options. I am still running with the original rims, no broken spokes and the Rolhoff is bomb proof.

As a bike designer, frame builder and long time tourer, to my knowledge there are no touring bikes with shocks and most tourers use the Brooks B17 saddle which is tough to break in, but in the long haul very comfortable. Longtail cargo bikes are by far the easiest to ride, and loaded up with less than 50 lbs should feel little different than a regular upright bicycle. My old Univega gran turismo had down tube shifters and I was so much happier not to have to move my hands to shift on the Jamis, especially climbing hills or on gravel.

The fact that any old welder can get you to the next port is the whole point.

Cargo Bikes: A Complete Guide for the USA and Canada

I love how it is speed! In the East Japan and Taiwan, the most popular touring bike is the Giant Great Journey, which comes in various versions. For several years I have gone on a European cycle tour with my tent and cycled for a period of no more than six weeks.

Latin America & Caribbean

Ridgeback Expedition 2021 UK, £1,100 Launched in 2014, tweaked in the years since and now thoroughly tested on longer trips, the Ridgeback is a strong contender for best value expedition touring bike on the market. I swapped out the saddle for a Brooks B17 and put Ortlieb panniers on it and both have been unbeatable performers.
