View a single grade 3 sample video here: Student Workbook: The optional student workbook is not reproducible and does not contain the answer keys found in the teacher guide. This book is engrossing and thoroughly magical! Please note that the videos are streams, not downloads, so you can show them in a live online class but can't post them to your online platform for students to watch later. After extensive field testing Visual Math expanded to a series of three one-year courses for students in grades 5—10.
