Minamoto no Yoshitsune

He strategically burned down the mountain and folk dwellings to convince the people of the Taira clan that he was leading a great army, and he succeeded with them in the flight Battle of Noriyori also went to Kyushu, and cut the rear path out of Hiko-jima Island, Nagato Province, which was the last resort for the Taira clan.

The Tale of the Heike

Water sprayed on his body turns to flames and black smoke that fills the room. One of the episodes describing Kiyomori's arrogance is the famous story about the dancer Giō who falls out of Kiyomori's favour and becomes a nun. Moreover, as Yoshitsune's military tactics and reputation elevated the Cloistered Emperor's credibility, the Cloistered Emperor attracted the warriors, and this fact became a threat for Yoritomo who was trying to establish a military government.

The warriors of eastern Japan, who neither had their own territories nor their own troops, but were very individualistic, supported Yoritomo in order to protect their vested interests.

Minamoto no Yoshitsune

Yoritomo has doubts about Rokudai and he is compelled to become a monk 1189, age 16. Yoritomo still sends him back to the capital. Even those warriors in the vicinity of did not want to support him, to the contrary, some warriors started to oppose to him.

The Tale of the Heike

Before dying in agony, Kiyomori makes a wish to have the head of Minamoto no Yoritomo hung before his grave. According to the traditional literature, the head was buried at Fujisawa and enshrined at Shirahata-jinja Shrine, and the well that is said to have been used at that time to wash the head still remains.
