Airports also may choose to purchase land near airports to maintain compatible land use or provide sound insulation for homes, schools and other buildings near the airport that meet the required standards. An essential outcome of noise risk assessment is identifying and prioritising measures to control the risks.

## Noise

Naples Airport Authority is initiating a Part 150 Noise Study to assess its noise compatibility planning. The is a tool to measure sound levels in the workplace and provide noise exposure parameters to help reduce occupational noise-induced hearing loss. The FHWA will retract the allowable use of the TNM Lookup as it has outlived its intended use.

## Aircraft Noise

Noise barriers can be formed from high vertical walls, from earth mounds usually called earth berms , or a combination of the two.
