Leaders are griots—storytellers who preach, teach, and train leaders through their own complex identity stories. The testimony and witness from stories of leaders on this new religious border can help us all learn to embrace more effectively the diversity in our midst and to teach our congregants to do the same. Paraphrasing Fosters Brooks The Expository Times, vol.

Michael is a member of the Dramatists Guild and the Writers Guild of America. I learned so much from this work, and you will too! Second, I will discuss the tensions in the predominant culture; there are counterstories that undermine the building of multiracial and multicultural communities.

**Table of contents for The power of stories**

Even in the face of counterstories in our culture that suggest acceptance of the status quo, congregational leaders can develop and sustain culturally

diverse communities that reflect a vision of the peaceable realm.

Fierce Love: A healing antidote to our divisive culture, full of evocative storytelling, spiritual wisdom, and psychological insight—by the first female, Black senior minister at the historic Collegiate Churches of New York. In this book Lewis shares with the reader examples of congregational leaders who have successfully overcome the challenges of leading multicultural congregations, and the lessons that can be learned from them. But, as psychologist Robert Carter argues, what matters most in American culture is race Carter, 1995.

We will also discuss how leaders on the border need to narrate the good news in more than one cultural language, verbal and symbolic. I believe our identities are formed by stories told to us, about us, and around us. How did people feel so welcomed, and what made them stay? Prior to ministry, Chad worked as a corporate accountant on Wall Street, where he was a Vice President at Goldman Sachs.
