Discrimination and Harassment in the Workplace

Age and disability are made relevant in this manner—in the one case, by the social purpose of assuring that people do not have to live in poverty when they can no longer work; in the other case, by the social purpose of assuring that people are not foreclosed from developing and marketing their talents by impediments in the largely constructed physical environment. After you've interviewed several attorneys, make a list of particular qualities such as experience and knowledgeability to evaluate and rank the possible attorneys. By evaluating these records, you could potentially show that the defendant has a record of denying black applicants, while approving similarly situated white applicants.
