Recall List

. Tip 6 — Never remove or alter the flame mitigation devise FMD inside the opening of the container. NKHA's claim of discrimination is similarly meritless because the Massachusetts ban does not benefit any Massachusetts manufacturer at the expense of interstate commerce in the same items.

What You Should Know About Space Heaters from the CPSC

If you live in an apartment building, remember that the elevators are usually shut down by power failures during emergencies or reserved for use by fire officials. .

Kerosene Heater Safety

Specially Prohibited Firecrackers, torpedoes, missiles, skyrockets, bottle rockets, roman candles, daygo bombs, mines and shells, chasers, and parachutes. Should the Massachusetts ban on kerosene heater sales face heightened Commerce Clause scrutiny if the ban benefits Massachusetts electric blanket manufacturers? For space heaters, a top or ceiling clearance of 36 inches, a wall clearance of 18 inches, and a smoke pipe clearance of 18 inches are recommended. Defendants' burden under the Commerce Clause is not really that much different from their burden under the Equal Protection and Due Process Clauses, *infra*; they must show that the members of the General Court could rationally believe that the heaters are unsafe.

Recall List

Dew points are sometimes reported or used rather than relative humidity. Electric air conditioners that use the vapor-compression, refrigeration cycle are available in a variety of sizes and configurations, ranging from small window units to large central systems.

Environment, Health & Safety (ESH&Q) Tips

Keep the container outdoors and away from combustibles.

Lead as pollutant

Gasoline can be harmful or fatal if swallowed.
