### About Us

In validating racially dual public elementary and secondary school systems, Plessy also encouraged black colleges to focus on teacher training to provide a pool of instructors for segregated schools. At the same time, HBCUs continue to be a vital resource in the nation's educational system.

### Department of Defense Announces Historically Black Colleges and Universities and Minority

This pamphlet was developed in coordination with the Department of Education's Office of Postsecondary Education. HBCU graduates include: Mary McLeod Bethune, educator and founder of Bethune Cookman College; Charles Drew, physician and medical researcher; W. These private and public institutions mutually served the important mission of providing education for teachers, ministers, lawyers, and doctors for the black population in a racially segregated society.

Financial assistance may come in the form of scholarships, loans, and grants to cover the cost of tuition, fees, room and board, books, supplies, personal expenses, and transportation. As a result, some new public black institutions were founded, and a number of formerly private black schools came under public control; eventually 16 black institutions were designated as land-grant colleges. NOTE TO EDITORS: Below is a list of the 2021 HBCU Scholars in alphabetical order by their hometown state, and including the city they are from, the school they attend and the school's location.

### Historically Black Colleges and Universities and Tribal Colleges

The information will allow the reader to consider HBCUs as a valid choice in meeting the educational needs of minority and nonminority students. Also supported are the construction, maintenance, renovation, and improvement of instruction facilities and physical plant.

## **Statement of Secretary of Labor Hilda L. Solis on National Historically Black Colleges and Universities Week**

After the passage of the Act, public land-grant institutions specifically for blacks were established in each of the southern and border states. Lack of adequate libraries and scientific and research equipment and capabilities placed a serious handicap on many.
