I kept my hand in my revolver pocket as we walked through that den of smoke and evil plans, feeling very much upon my own.

A backward glance at eighty, recollections & comments, by Charles A. Murdock; Massachusetts 1841, Humboldt Bay 1855, San Francisco 1864: a machine

The annual conference for racial amity, one of the most virile and useful of Green Acre activities, was this past season more than ever before a laboratory for the study of reality in human relations. The bold, mountainous hills, though they often reach the ocean, are somewhat depressed between these points.

The Jewel of Atlantis

Her best known work in these last years was a biography of Trotsky, which she co-authored with fellow Russian revolutionary. For five years its real resources were neglected.
