Thus Spoke Zarathustra by Friedrich Nietzsche Plot Summary

To blaspheme the earth is now the dreadfulest sin, and to rate the heart of the unknowable higher than the meaning of the earth! Contrasted with living for procreation, pleasure, or happiness, the will to power is the summary of all man's struggle against his surrounding environment as well as his reason for living in it. For ye can no longer create beyond yourselves.

Thus Spoke Zarathustra

But we awaited thee every morning, took from thee thine overflow and blessed thee for it.

The Project Gutenberg eBook of Thus Spake Zarathustra, by Friedrich Nietzsche

Always more uprightly learneth it to speak, the ego; and the more it learneth, the more doth it find titles and honours for the body and the earth. It is the hour of great contempt. There is no correct one way or path for all men: that this is so is one of Gravity's lies.

Thus Spoke Zarathustra: Summary

After a while consciousness returned to the shattered man, and he saw Zarathustra kneeling beside him.
