While Palestinian culture is primarily Arab and Islamic, Palestinians identify with earlier civilizations that inhabited the land of Palestine.

2

For several centuries during the Ottoman period, the population in Palestine declined and fluctuated between 150,000 and 250,000 inhabitants, and it was only in the 19th century that rapid population growth began to occur. Jews in Israel and the West Bank today generally identify as Israelis. The stock lies in the lower of a very wide and falling trend in the short term, and this may normally pose a very good buying opportunity.
