Political Theory

There are diverse conceptions of this notion. The main activities of the business class are craftsmanship, manufacture, and trade. Political theory now roams more widely than in the past, pondering accusations of ethno-centricity, questioning the significance of national borders, engaging in what one might almost term a denationalization of political theory.

The Five Principles of Social Justice

The key to an effective experiment lies in the careful definition of the problem, a definition that does not change in midstream and that always seeks to identify and harness regularities of nature rather than seek to transform those regularities. Its traditions, approaches, and styles vary, but the field is united by a commitment to theorize, critique, and diagnose the norms, practices, and organization of political action in the past and present, in our own places and elsewhere. Lewis's little book *The Abolition of Man*.
